

# DA Increases Induced by MP are Markedly Blunted in Cocaine Abusers yet they Triggered Craving

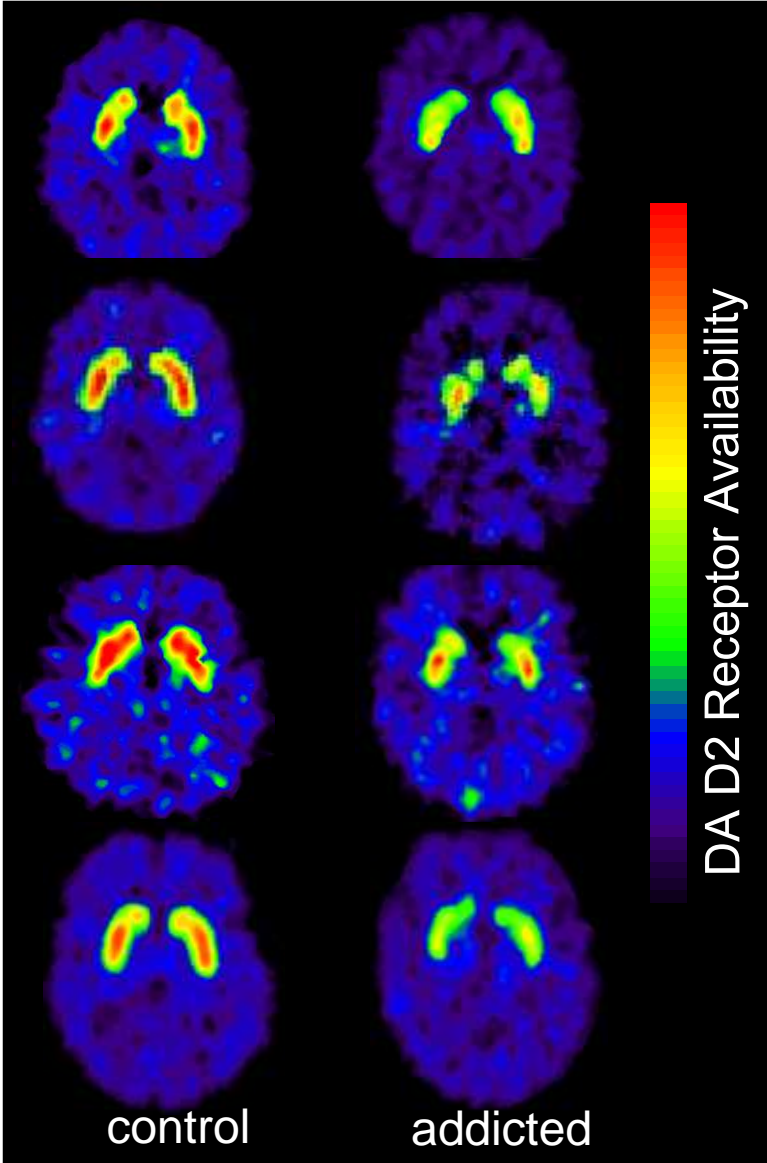

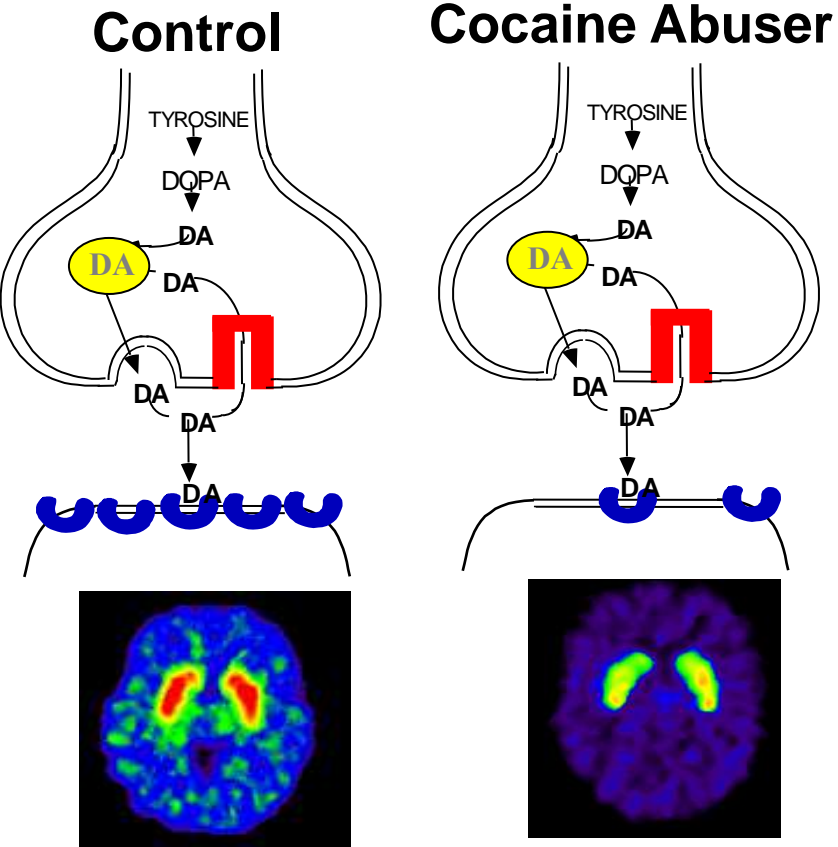

If DA increases are attenuated why do cocaine abusers have such strong craving?

# Viewing A Video Of Cocaine Cues Increased DA In Cocaine Abusers Triggering Drug Craving

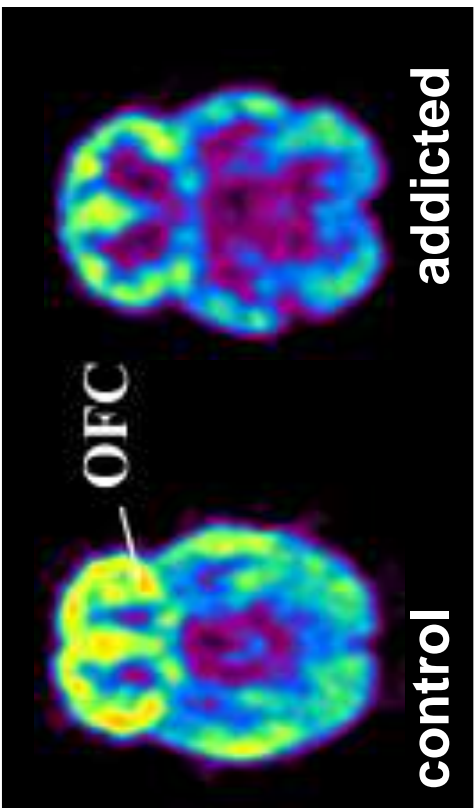

# Repeated Drug Use Reduces D2 Receptors

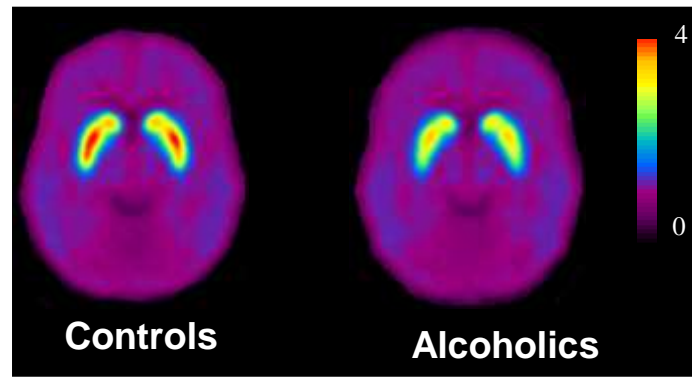

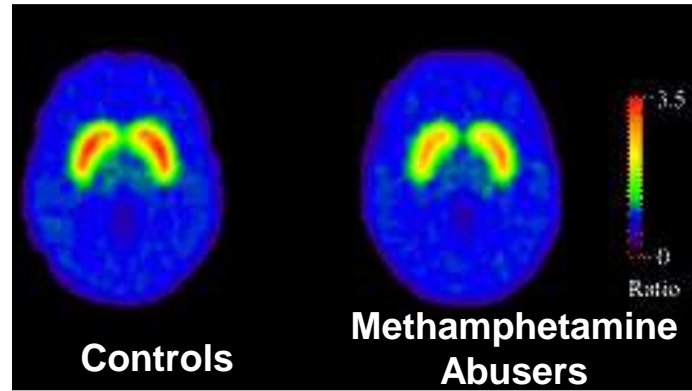

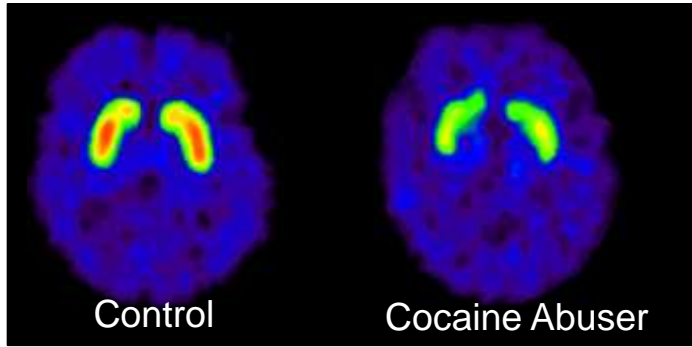

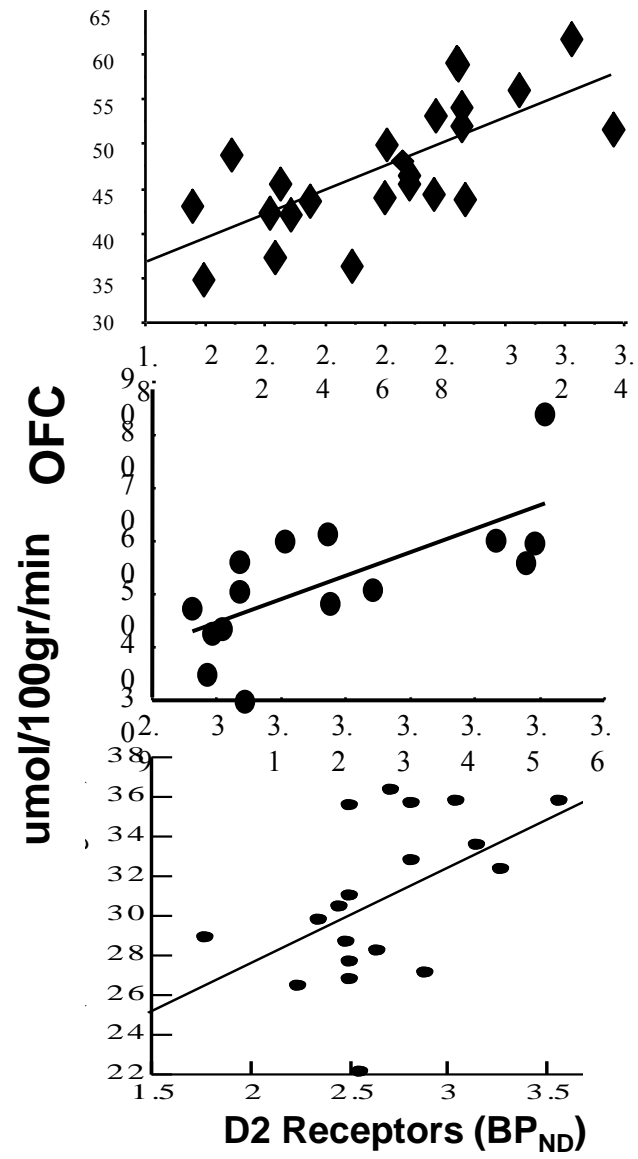

# Relationship Between Brain Glucose Metabolism and Striatal D2 Receptors

Brain glucose metabolism

Volkow et al., PNAS 2011.

DA D2 receptors
