OF THE NATIONAL ACADEMIES

## IOM ROUNDTABLE ON VALUE & SCIENCE-DRIVEN HEALTH CARE

### ◆ MULTIPLE CHRONIC CONDITIONS & CLINICAL PRACTICE GUIDELINES ◆

MAY 29, 2012  
KECK CENTER  
500 5<sup>TH</sup> STREET NW  
WASHINGTON, DC 20001

#### Meeting Goals

1. Identify and review issues and implications for clinical practice guidelines (CPGs) arising from co-occurring chronic conditions.
2. Discuss principles & expectations for CPGs in effective management of people with multiple chronic conditions.
3. Consider individual and collective action important to effective development and use of CPGs for people with multiple chronic conditions.

9:00 am **Coffee and light breakfast available**

|         |   |
|---------|---|
| 9:15 am | <b>Welcome, introductions, and meeting overview</b> |
|---------|---|

*Michael McGinnis*, Institute of Medicine  
*Howard Koh*, Department of Health and Human Services

|         |                          |
|---------|--------------------------|
| 9:45 am | <b>Framing the issue</b> |
|---------|--------------------------|

Focus: issues, implications, barriers, and opportunities for development and use of CPGs for individuals with multiple chronic conditions.

#### **Challenges and opportunities: an introduction**

*Cynthia Boyd*, Johns Hopkins University  
*Sheldon Greenfield*, University of California, Irvine

### **Views from the field**

*Craig Robbins*, Kaiser Permanente

*Cally Vinz*, Institute for Clinical Systems Improvement

*Robert Ratner*, American Diabetes Association

*Q&A and Open Discussion*

|          |              |
|----------|--------------|
| 12:00 pm | <b>Lunch</b> |
|----------|--------------|

|          |   |
|----------|---|
| 12:45 pm | <b>Shared principles &amp; expectations for multiple chronic conditions in CPGs</b> |
|----------|---|

Focus: identifying principles and expectations shared among organizations related to addressing multiple chronic conditions in CPGs. Participants will have the opportunity to offer their perspectives and priorities.

### **Introductory thoughts**

*Anand Parekh*, Department of Health and Human Services

### **Comments from participants**

To facilitate forward progress on the issues, participants will be prepared to comment briefly (about 1-2 minutes) on:

1. The key co-morbidities among patients with their organization's target condition(s),
2. The relevant considerations most important in their work on CPGs,
3. Organizational plans for explicit consideration of multiple chronic conditions in developing CPGs,
4. Recommendations on the most important cross-organization principles and expectations on the issues.

*Q&A and Open Discussion*

|         |                               |
|---------|-------------------------------|
| 3:00 pm | <b>Summary and next steps</b> |
|---------|-------------------------------|

### **Comments and thanks**

*Anand Parekh*, Department of Health and Human Services

*Michael McGinnis*, Institute of Medicine

3:30 pm **Adjourn**
