

Vermont Blueprint for Health Team Based Services

**IOM Roundtable
Science & Value Driven Healthcare
Best Practices Innovation Collaborative**

October 23, 2012

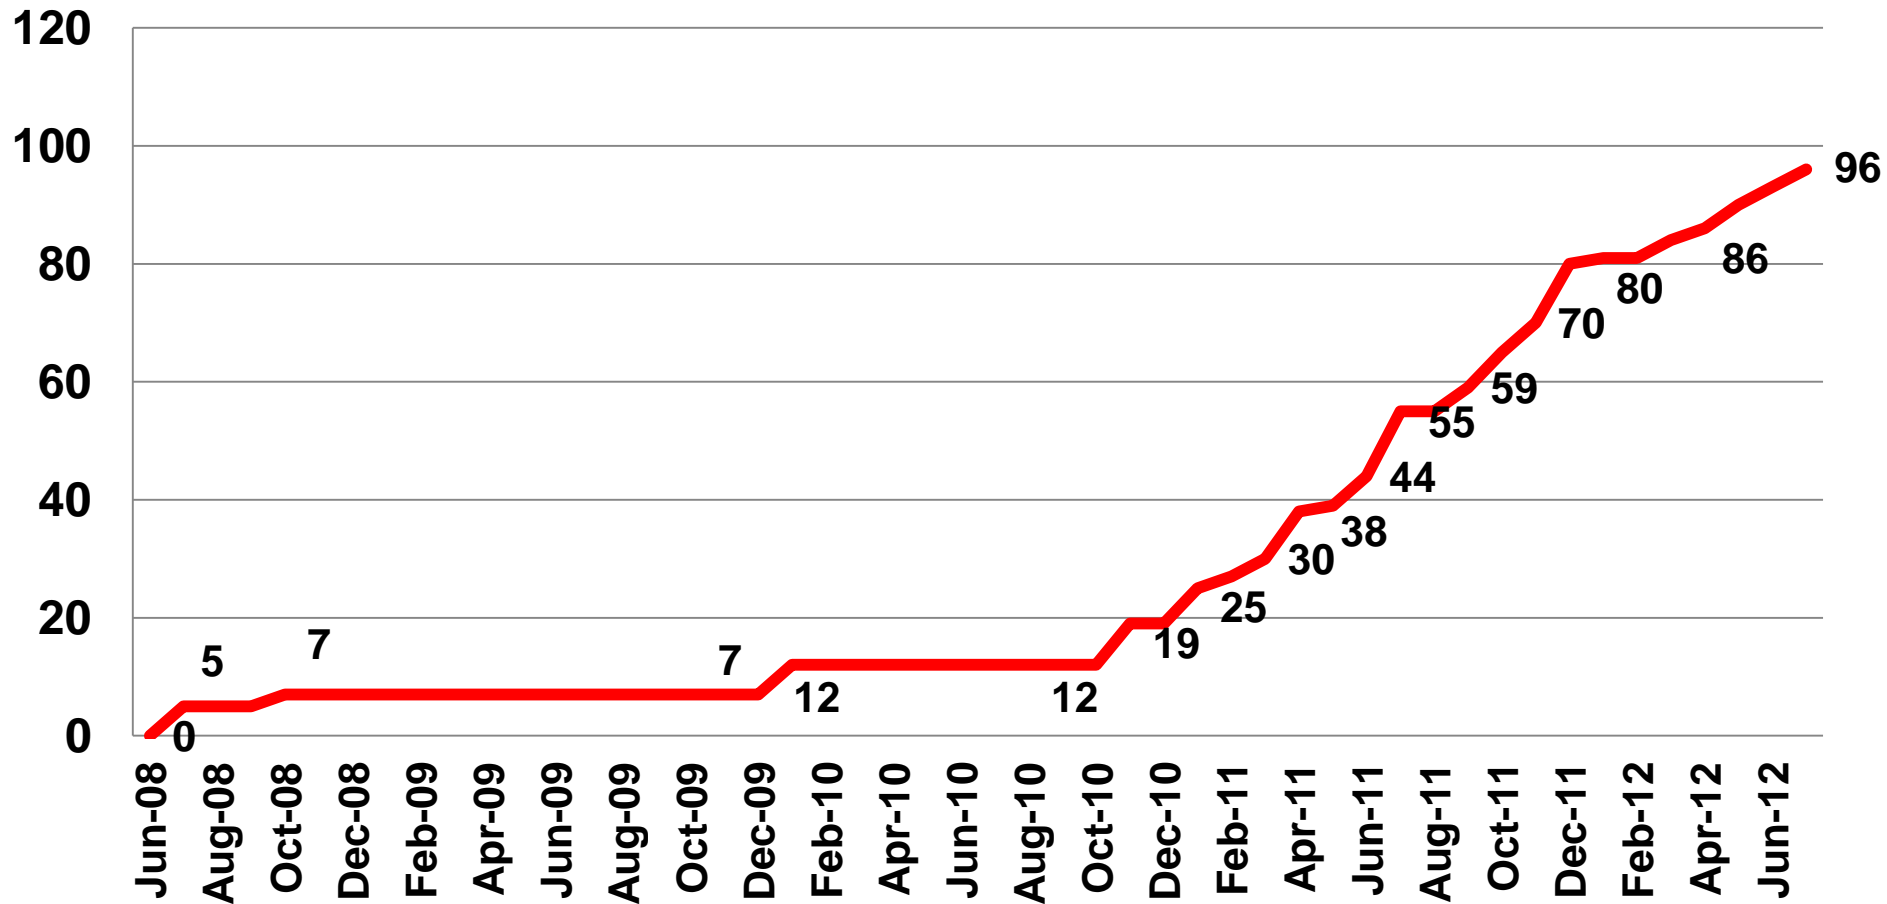

Building a Foundation For The Future

- Advanced Primary Care Practices (PCMHs)
- Community Health Teams – Core & Extended
- Multi-Insurer Payment Reforms
- Health Information Infrastructure
 - Central Clinical Registry
 - Health Information Exchange
- Evaluation & Reporting
- Community Self-Management Programs
- Learning Health System

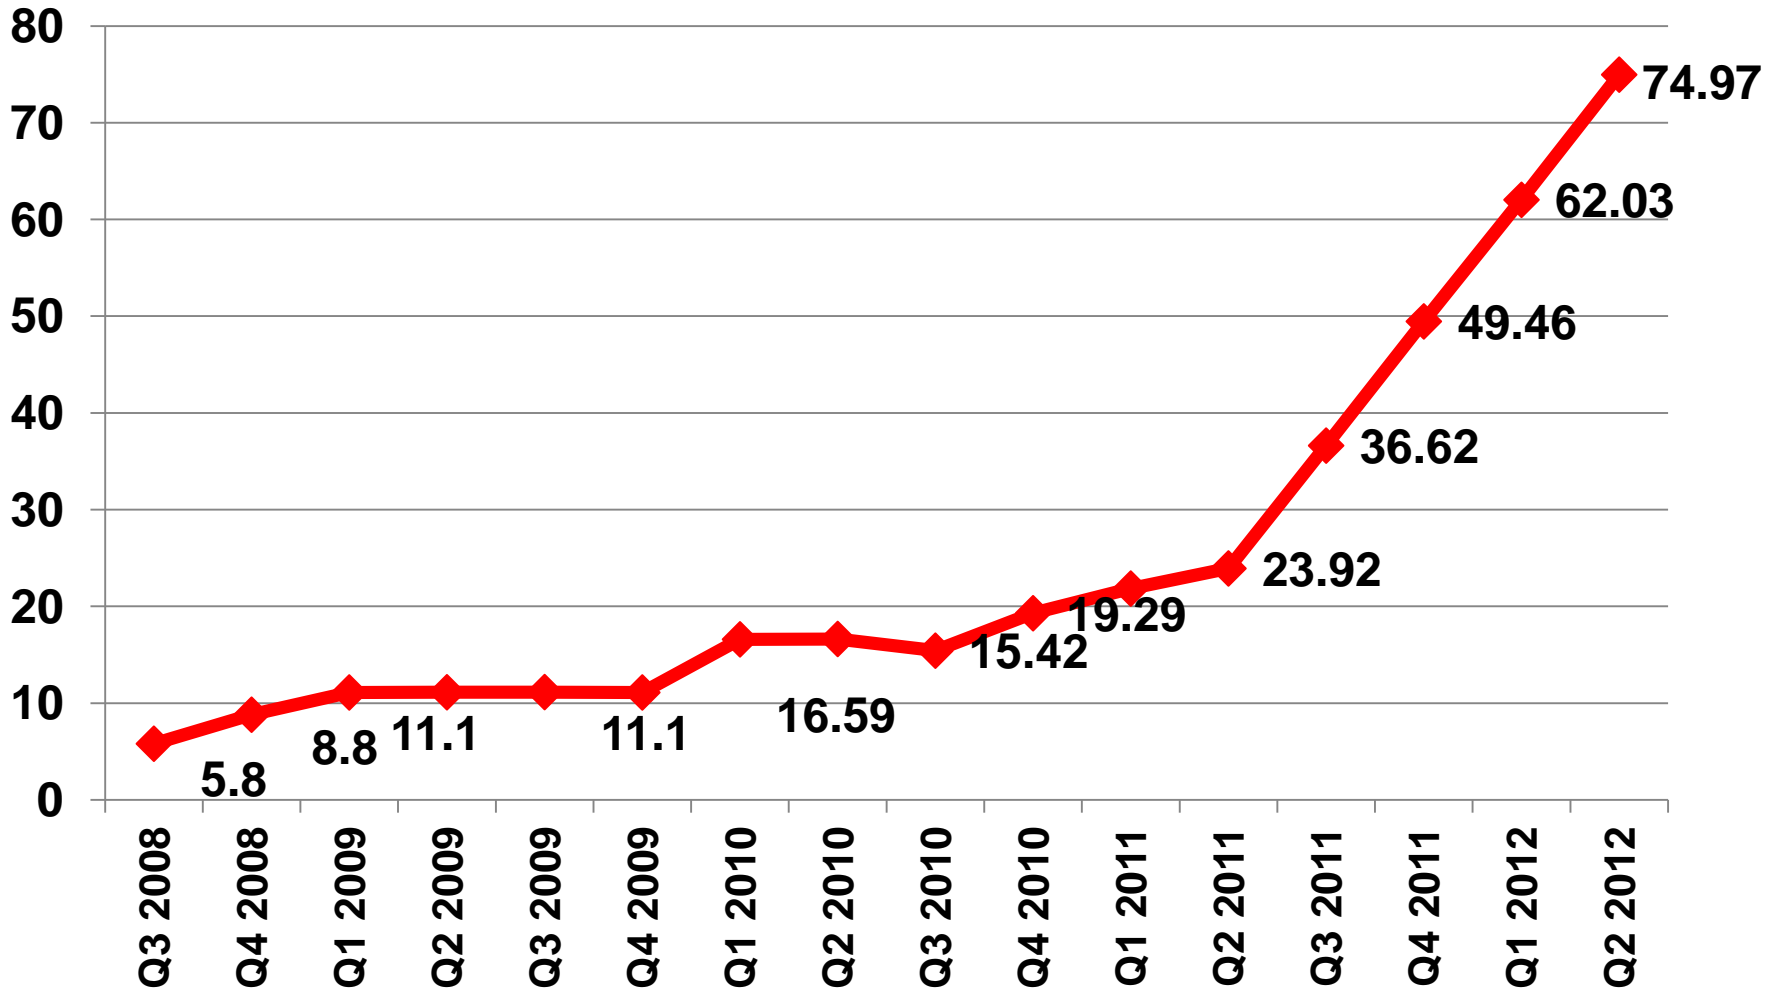

- A foundation of medical homes and community health teams that can support coordinated care and linkages with a broad range of services
- Multi-Insurer Payment Reform that supports this foundation of medical homes and community health teams
- A health information infrastructure that includes EMRs, hospital data sources, a health information exchange network, and a centralized registry
- An evaluation infrastructure that uses routinely collected data to support services, guide quality improvement, and determine program impact

Patient Centered Medical Homes # NCQA Recognized Practices in Vermont

Core Community Health Teams *# FTEs Hired in Vermont*

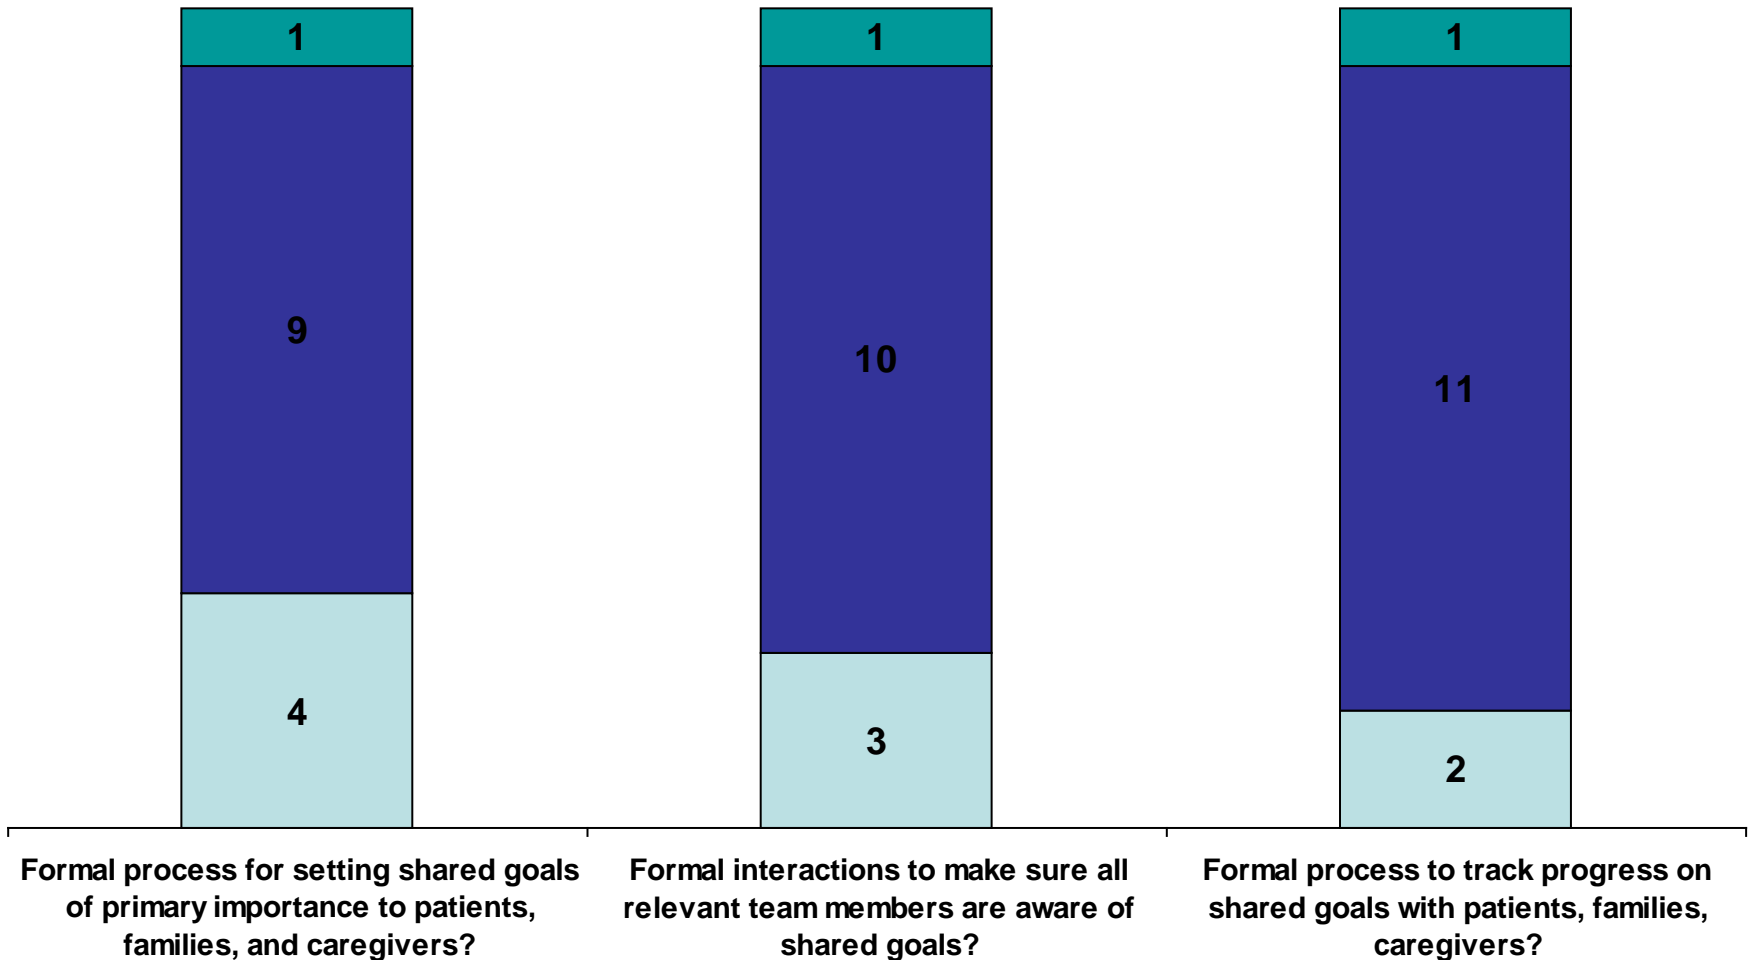

The Core Principles of Team-Based Care

1. Shared Goals
2. Clear Roles
3. Mutual Trust
4. Effective Communication
5. Measurable Processes & Outcomes

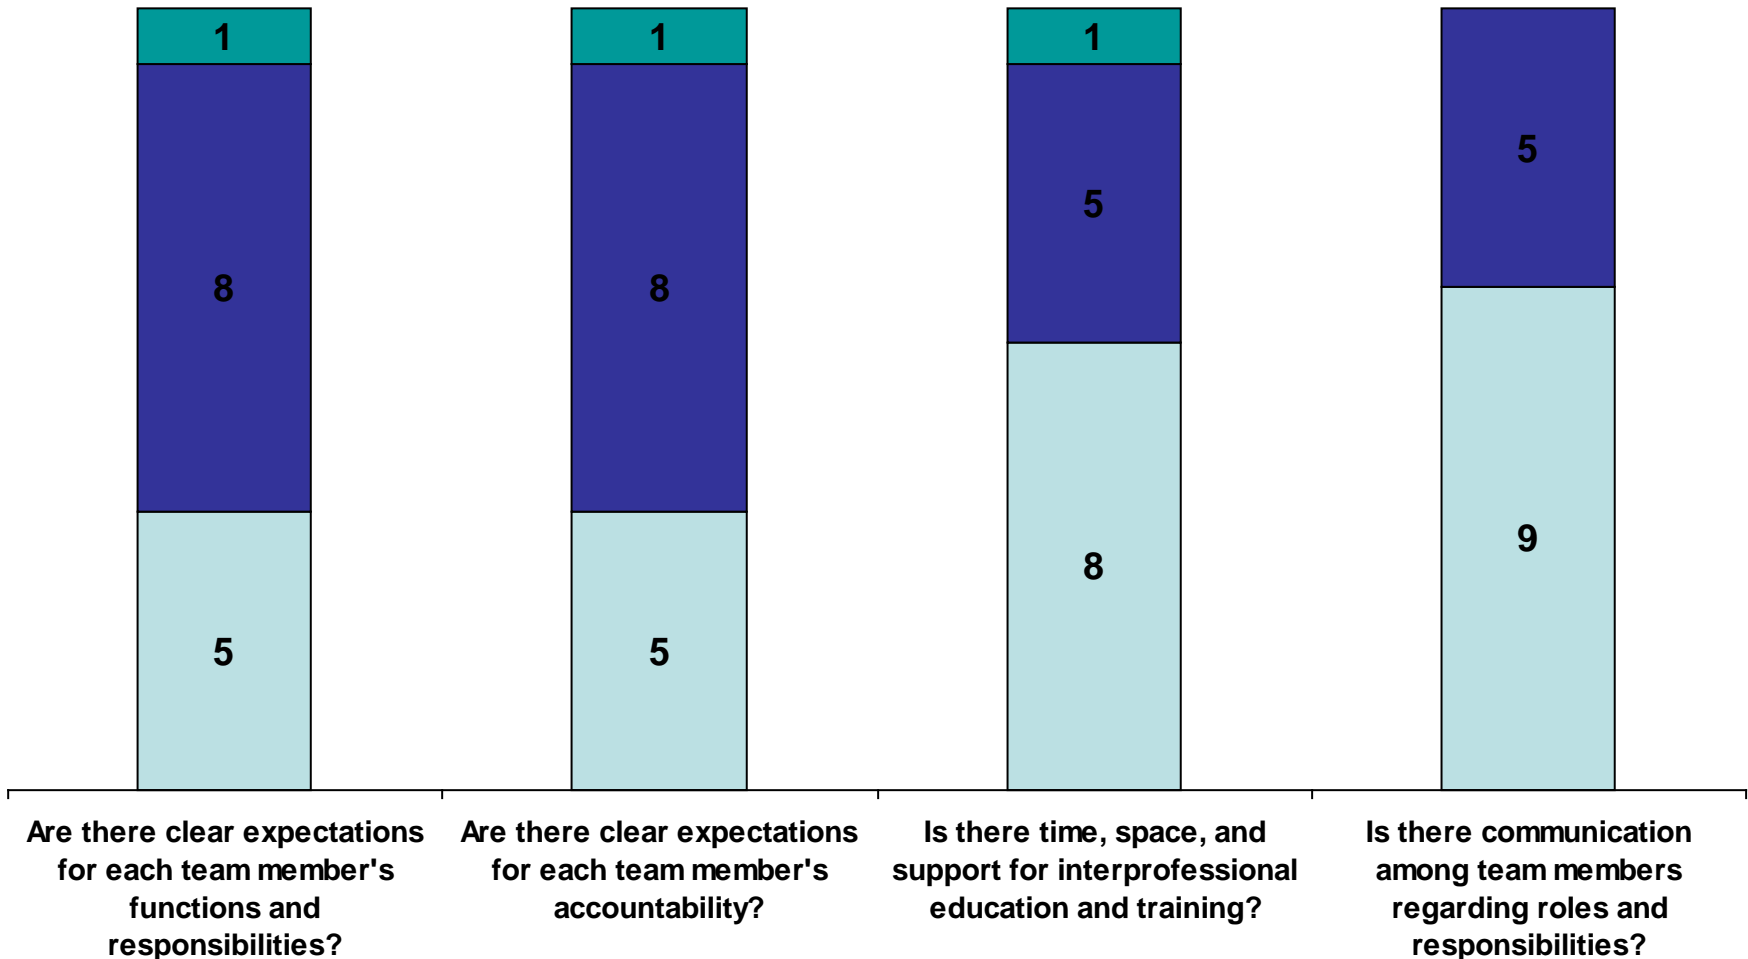

Shared Goals - Methods and Policies

Yes Consistently Sometimes Never

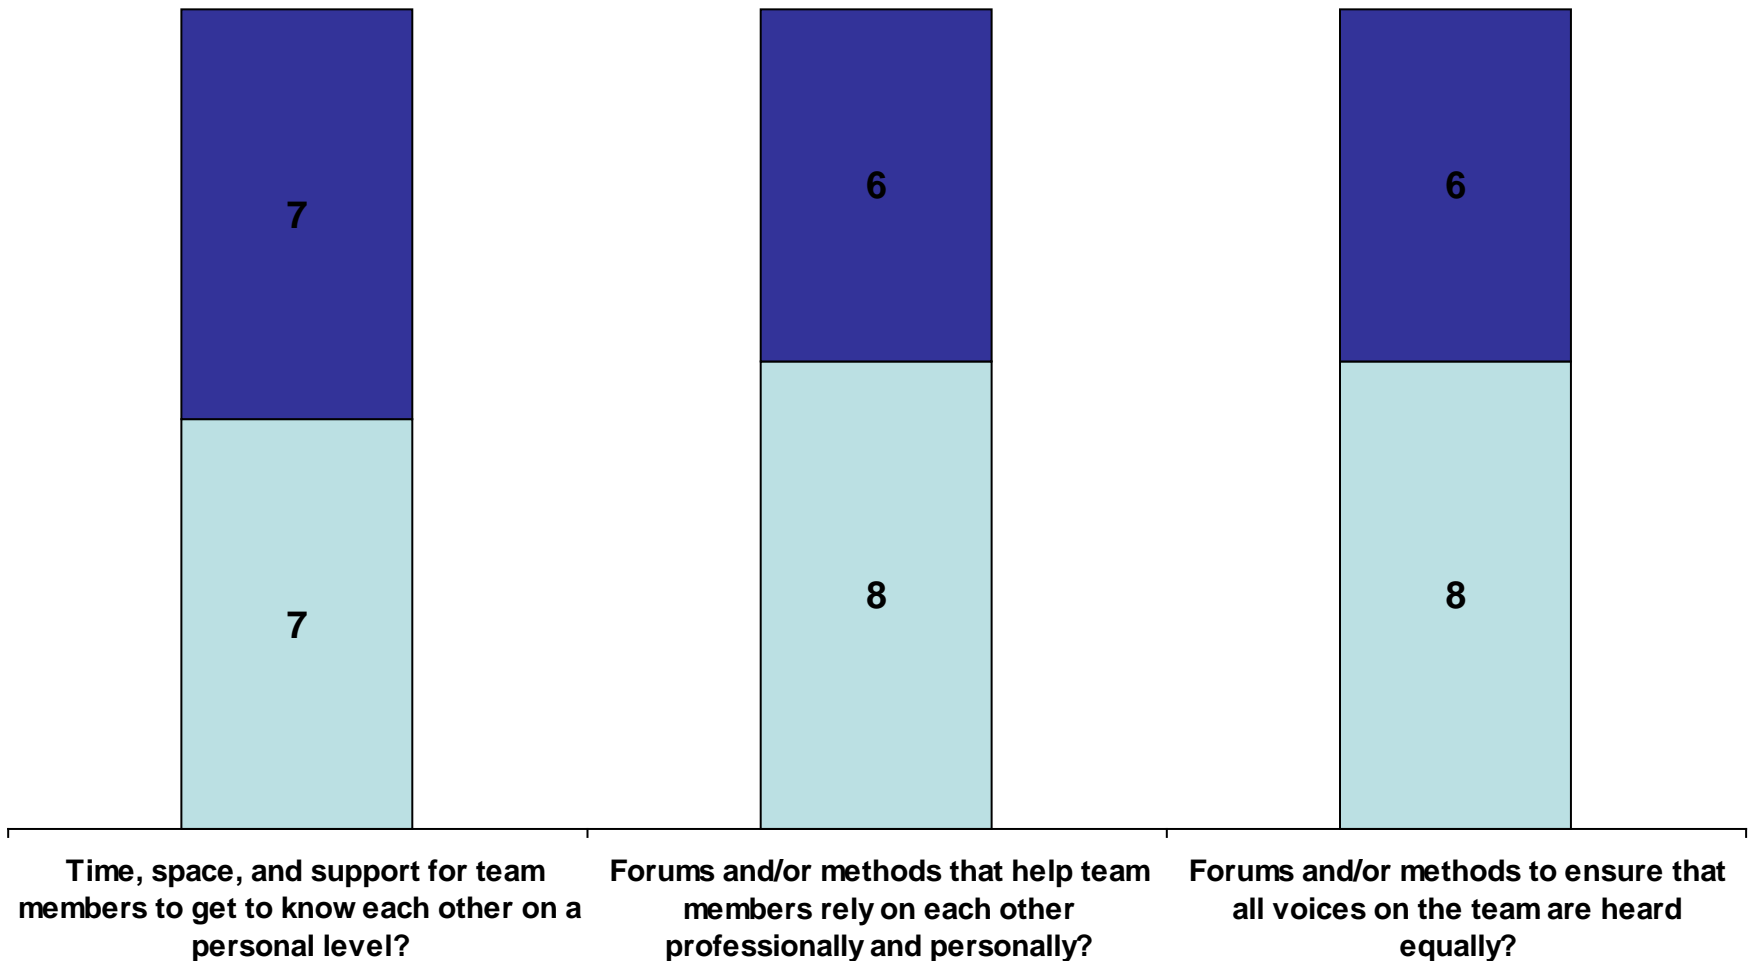

Clear Roles - Methods and Policies

Yes Consistently Sometimes Never

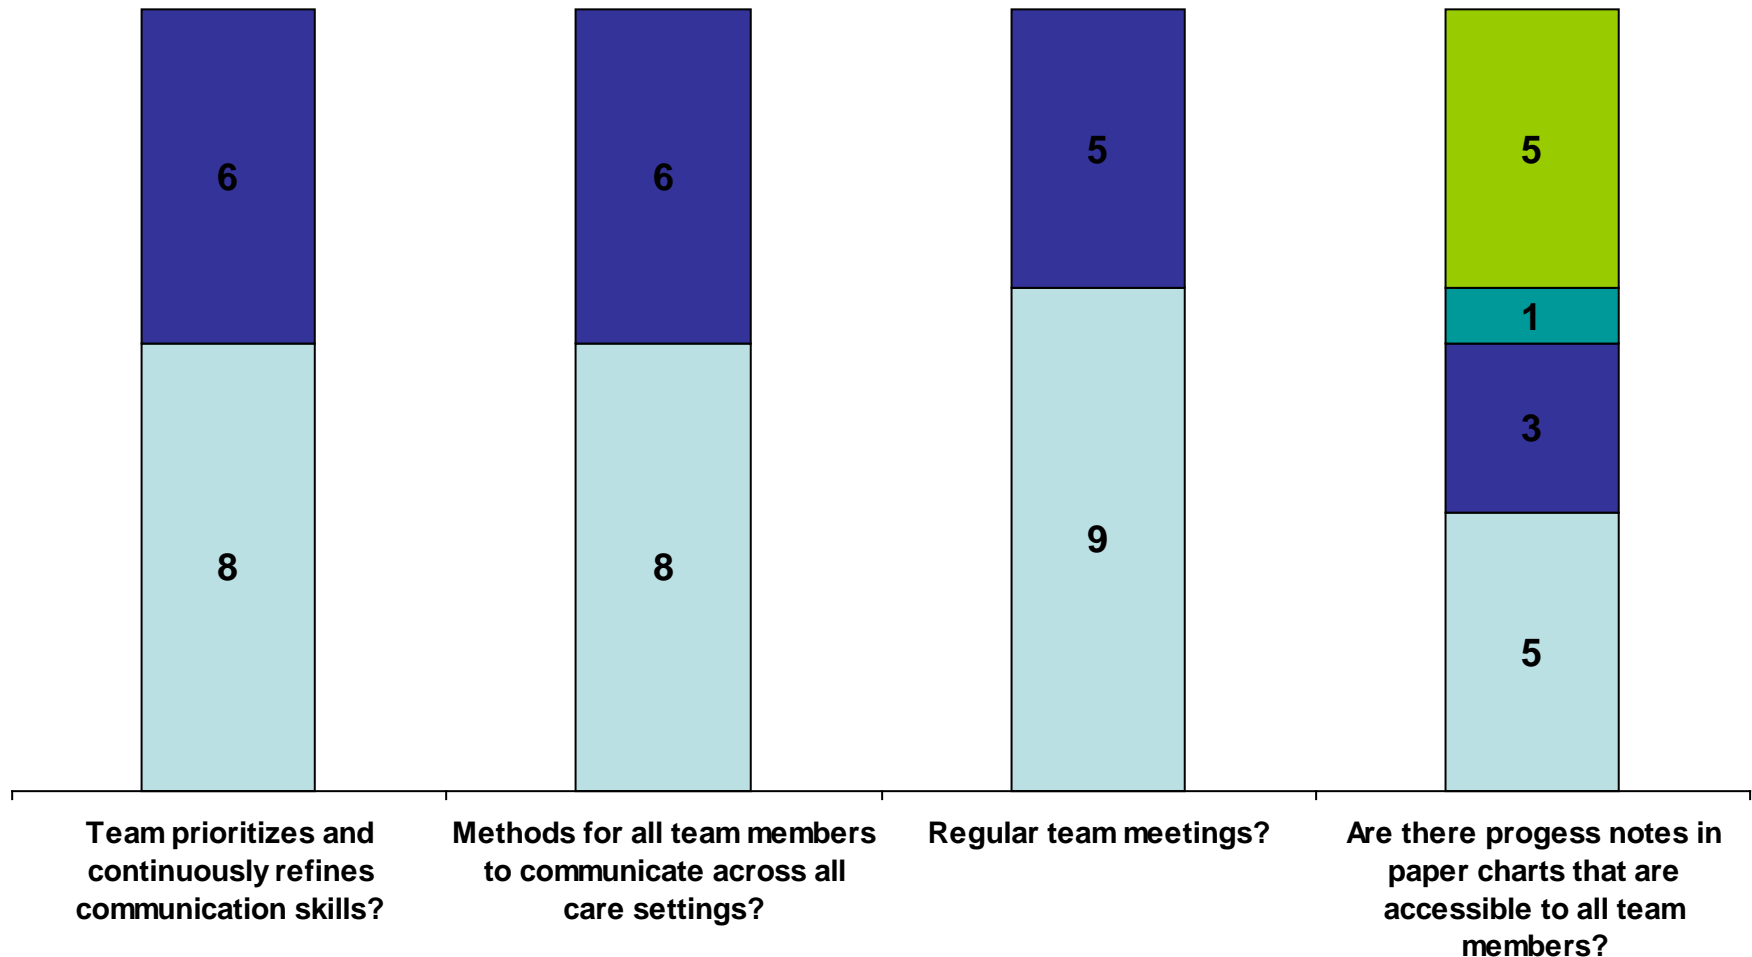

Mutual Trust - Methods and Policies

Yes Consistently Sometimes Never

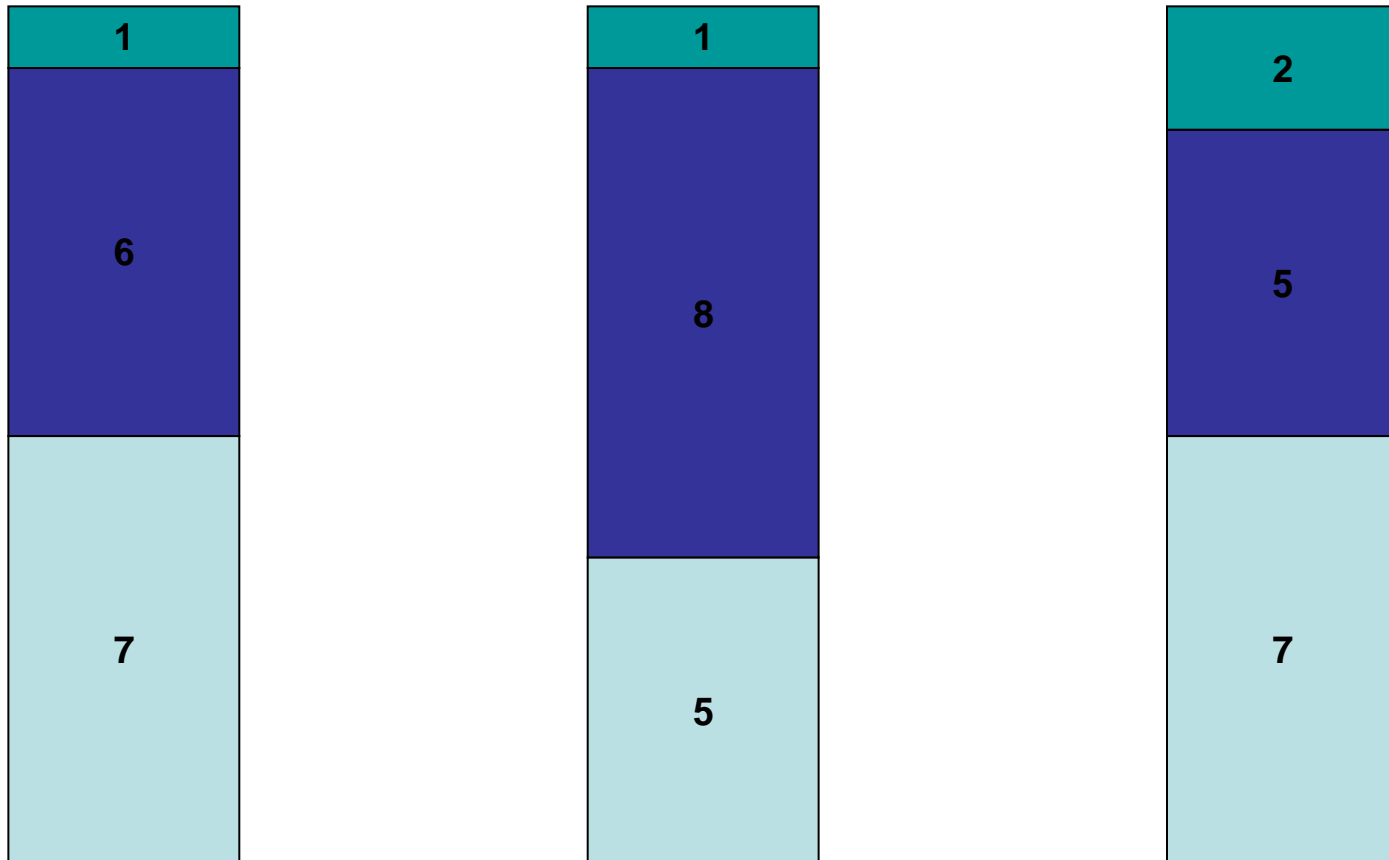

Effective Communication - Methods and Policies

Yes Consistently Sometimes Never N/A

Measurable Processes & Outcomes – Methods and Policies

Yes Consistently Sometimes Never

Are patient outcome measures used to track and improve performance?

Are care process measures used to track and improve performance?

Are value measures used to track and improve performance?

Measurable Processes & Outcomes – Methods and Policies

Yes Consistently Sometimes Never

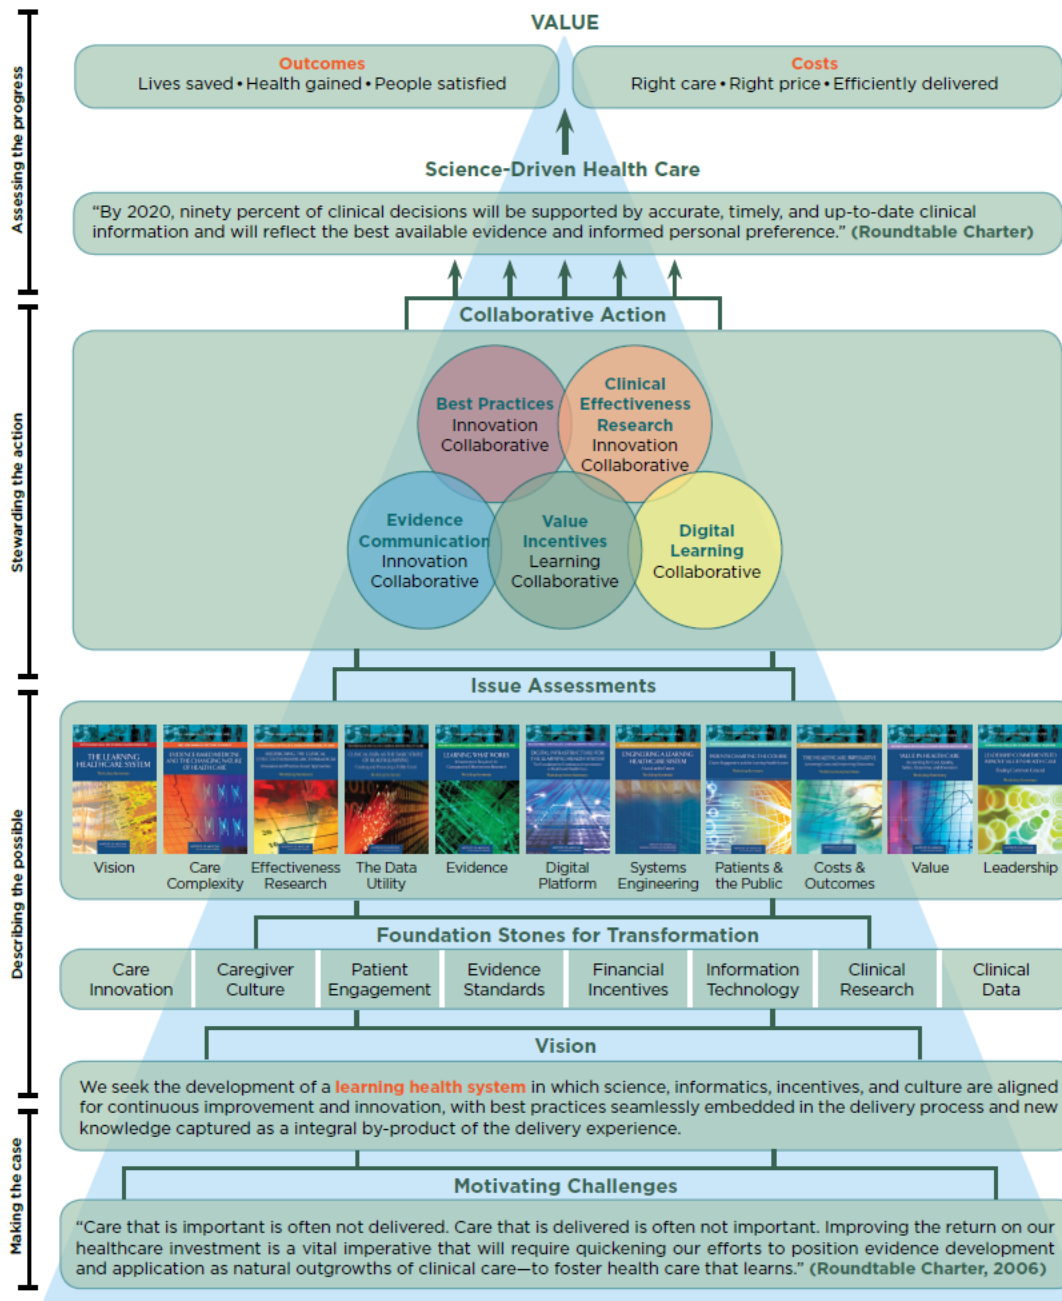

Are patient experience measures used to track and improve performance?

Are measures of team function used to track and improve performance?

Is there time, space, and support for team members to use measurement results to improve performance?
