

Healthy People 2020

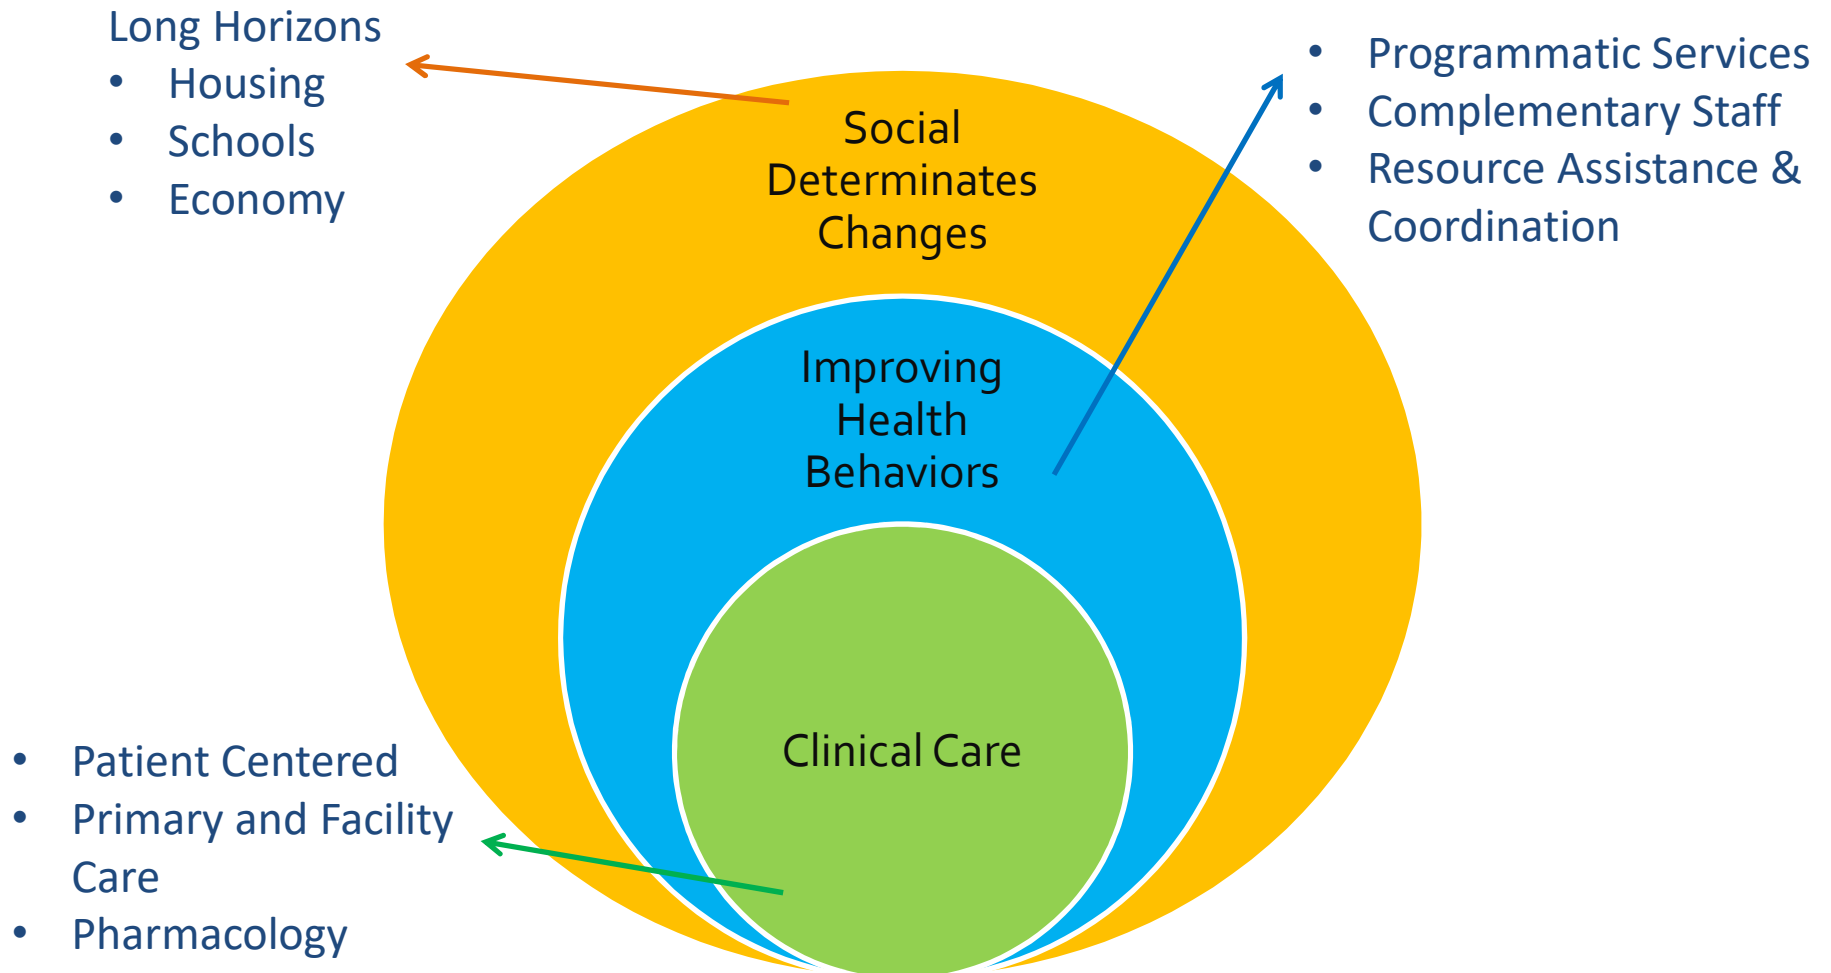

A society in which all people live long, healthy lives

Overarching Goals:

- Attain high quality, longer lives free of preventable disease, disability, injury, and premature death.
- Achieve health equity, eliminate disparities, and improve the health of all groups
- Create social and physical environments that promote good health for all.
- Promote quality of life, healthy development and healthy behaviors across all life stages.

Population Health: Individual - Groups - Community

building healthy **communities**

respect | compassion | justice | integrity | quality | innovation | stewardship | growth
