Objectives:

This 2-day public workshop will examine the social, behavioral, and environmental enablers for healthy longevity. Workshop participants will discuss the challenges and opportunities, as well as potential solutions and disruptive approaches to enhance social structures and living environments that would enable healthier and socially fulfilled lives and ultimately create thriving societies around the world.

Specifically, this workshop will feature invited presentations and discussions on topics including:

- Theoretical foundations and key concepts and definitions for healthy longevity;
- Existing evidence on the social, behavioral, and environmental enablers of healthy longevity including determinants, pathways, and policy entry points;
- Critical challenges and gaps in current approaches for creating social and environmental structures that promote healthy behaviors across the life course and enable aging populations to lead productive lives;
- Key successes of policies and programs in targeting the social, behavioral, and environmental determinants of health related to healthy longevity;
- Opportunities, approaches, and potential priorities—including the consideration of data, indicators, and measures that should be collected—for designing and applying social, behavioral, and environmental enablers to guide effective multi-sectoral solutions and actions that foster integrative care without medicalizing these solutions; and
- Effective mechanisms for stimulating meaningful collaboration among various relevant stakeholders across sectors and disciplines.

Workshop speakers and discussants will contribute perspectives from government, academia, private, civil society, and nonprofit sectors from the local to global levels. A proceedings of the presentations and discussions at the workshop will be published in 2020.
Welcome remarks
JO ANN JENKINS
Chief Executive Officer
AARP, USA

An overview of the Global Roadmap for Healthy Longevity Initiative
VICTOR DZAU
President
National Academy of Medicine, USA

Workshop overview and goals
JENNIE POPAY, Co-Chair of the Workshop
Distinguished Professor of Sociology and Public Health
Lancaster University, UK

Keynote Address
A conceptual framework for understanding the social, behavioral, and environmental enablers for healthy longevity from a health equity lens
SIR MICHAEL MARMOT
Director of the Institute of Health Equity
Professor of Epidemiology and Public Health at University College London, UK

Q&A Discussion

SESSION I:
Foundations for Healthy Longevity:
Understanding the Contributions and Linkages of Social, Behavioral, and Environmental Enablers

Session I Objectives:
- Discuss the meaning of “healthy longevity”
- Highlight how to measure healthy longevity and the underlying reasons for global- and country-level trends and disparities in healthy longevity
- Understand the contributions and interactions of social, behavioral, and environmental enablers upon healthy longevity

Moderator: Emily Grundy, University of Essex, UK

Plenary Presentations
What is “healthy longevity”? Understanding the multifaceted challenges and opportunities from a life course perspective
LISA BERKMAN
Director of the Harvard Center for Population and Development Studies
Professor of Public Policy and Epidemiology at Harvard T.H. Chan School of Public Health, USA
Panel Presentations
The factors underlying current and future trends of healthy longevity
ALI MOKDAD
Chief Strategy Officer of Population Health, and Director of Middle Eastern Initiatives
Institute for Health Metrics and Evaluation, USA

Understanding the linkages of social, behavioral, and environmental determinants across diverse populations, lifestyles, and contexts
ASGHAR ZAIDI
Professor of Gerontology
Seoul National University, Korea

3:00pm Q&A Discussion

3:30pm Break

3:45pm Examining the economics of healthy longevity
BRENDA GANNON
Professor and Mater Research Institute Chair in Health Economics
The University of Queensland, Australia

The experiences of aging from the voices of aging people: Inequality as an arbiter of health and well-being
COREY ABRAMSON
Associate Professor of Sociology
University of Arizona, USA

4:15pm Q&A Discussion and Moderator Synthesis of Session 1

Moderator: Bridget Kelly, Burke Kelly Consulting, USA

4:50pm Table Group Discussion

This discussion will be an interactive session that will allow participants to share their knowledge, expertise, and personal experiences about healthy longevity in small groups.

5:20pm Report Back and Audience-Wide Discussion

Audience members will report back on their small group discussions and engage in a general discussion.

5:50pm Observations from Day 1
MOSA MOSHABELA
Dean and Head of the School of Nursing and Public Health
University of KwaZulu-Natal, South Africa

6:00pm Adjourn

6:45pm Reception (after the Official Launch of the Global Roadmap for Healthy Longevity Initiative)
8:30am  Welcome and Recap Day 1
JENNIE POPAY, Co-Chair of the Workshop
Distinguished Professor of Sociology and Public Health
Lancaster University, UK

SESSION II:
Age-Friendly Environments –
Overcoming Challenges and Harnessing Best Practices

8:40am  Session II Objectives:
- Understand lessons learned and best practices for different programs that have aimed to create age-friendly environments in various contexts
- Examine cross-cutting challenges that need to be overcome across different programs
- Discuss how to bolster evidence and evaluate age-friendly environments that could inform other contexts

Moderator: Alana Officer, World Health Organization, Switzerland

Opening Presentation
Designing safe, smart, and sustainable built environments across diverse contexts to support healthy longevity
CHINMOY SARKAR
Assistant Professor of GIS, Urban Health and Environment
The University of Hong Kong

Case Studies
Age-friendly environments in the UK and Europe: Improving the quality of life for aging populations
PAUL MCGARRY
Head of Greater Manchester Ageing Hub
Greater Manchester Combined Authority, UK

Redesigning communities to transform aged societies – A model from Kashiwa, Japan
HIROKO AKIYAMA
Professor at the Institute of Gerontology
University of Tokyo, Japan

Building a city focused on healthy longevity and well-being – Learning from Kigali, Rwanda
NADINE GATINZI UMUTONI
Vice Mayor in Charge of Socio-Economic Affairs
City of Kigali, Rwanda

Q&A Discussion and Moderator Synthesis of Session 2
SESSION III:
Reimagining the Social World Across the Life Course

10:45am  Session III Objectives:
- Reexamine the social world for aging populations where they can actively contribute and thrive in societies
- Assess approaches that leverage effective social care and services that avoid the over-medicalization of aging
- Evaluate how social actions and reforms potentially address health inequalities across populations

*Moderator: Laura Carstensen, Stanford University, USA*

**Panel Presentations**

Lifelong learning opportunities and engagement of aging populations
OMOBOLANLE AMAIKE
Associate Professor of Sociology
University of Lagos, Nigeria

Harnessing social networks and intergenerational support to empower active lifestyles across the life course
QUYEN TRAN
Regional Programme Advisor, Asia and Pacific Regional Office
HelpAge International, Thailand

Cultivating environments that promote work, volunteering, and reciprocity
NANCY MORROW-HOWELL
Distinguished Professor of Social Policy and Director of the Harvey Friedman Center for Aging
Washington University in St. Louis, USA

Q&A Discussion and Moderator Synthesis of Session 3

12:00pm  Lunch

SESSION IV:
Uncovering the Unknowns and Extrinsicating Uncertainties to Push the Field Forward

1:00pm  Session IV Objectives:
- Elucidate the uncertainties and challenges related to healthy longevity to help advance scientific and policy agendas
- Identify the roles and contributions of various stakeholders required to overcome the challenges
- Explore foundational principles and potential solutions for extricating challenges across a variety of contexts

*Moderator: Orielle Solar, University of Chile*
Panel Discussion
Growing challenges of labor market dynamics and financial decisions for aging people and their families – Perspectives from Asia and Eastern Europe
ELENA GLINSKAYA
Lead Social Protection Specialist
The World Bank

Designing and implementing social protection and pension policies: Can equity, income adequacy, and sustainability all be achieved?
JOHN PIGGOTT
Scientia Professor of Economics and Director
ARC Centre of Excellence in Population Ageing Research at University of New South Wales, Australia

The pathways and implications of ageism: Is it possible to eliminate ageism?
LIAT AYALON
Professor and Deputy Director, School of Social Work
Bar-Ilan University, Israel

The diverse nature of aging populations: Uncovering intersectionality and the historical, cultural, and contemporary contexts that shape health
LAIA BÉCARES
Co-Director of Centre for Innovation and Research in Wellbeing
Senior Lecturer in Applied Social Science, University of Sussex, UK

Q&A Discussion and Moderator Synthesis of Session 4

3:00pm Break

Moderator: Bridget Kelly, Burke Kelly Consulting, USA

3:15pm World Café Breakout Group Discussion

Group 1: Working life and retirement (Group Moderator: John Piggott, University of New South Wales, Australia)

Group 2: Ageism (Group Moderator: Erwin Tan, AARP, USA)

Group 3: Equity, diversity, and intersectionality (Group Moderator: Joan Zlotnik, formerly at National Association of Social Work Policy Institute, USA)

4:30pm Audience-Wide Discussion

Audience members will report back on their breakout groups and engage in a general discussion.

5:20pm Observations from Day 2
PAUL IRVING
Chairman
Milken Institute Center for the Future of Aging, USA

5:30pm Adjourn
8:30am  Welcome and Recap Day 2  
JENNIE POPAY, Co-Chair of the Workshop  
Distinguished Professor of Sociology and Public Health  
Lancaster University, UK  

SESSION V:  
Translating Knowledge into Policy and Practice  

8:40am  Session V Objectives:  
- Explore barriers and opportunities for translating knowledge in healthy longevity into policy and practice  
- Examine strategies to engage political leadership and build the business case to invest in policies and actions promoting healthy longevity  
- Highlight models of innovative collaboration, partnership, and coalitions across various sectors and contexts  
- Understand approaches to genuinely engaging with older adults from the research process through implementation and evaluation to ensure sustainable and effective solutions  

Moderator: Paulin Basinga, Bill & Melinda Gates Foundation, Nigeria  

Moderated Panel Discussion  
ANNA DIXON  
Chief Executive  
Centre for Ageing Better, UK  

MALA KAPUR SHANKARDASS  
Asia Representative of the International Network for the Prevention of Elder Abuse  
Associate Professor, Maitreyi College at the University of Delhi, India  

ANGELIQUE CHAN  
Executive Director of the Centre for Ageing Research & Education and Associate Professor  
Duke-NUS Medical School, Singapore  

ENRIQUE VEGA  
Unit Chief of the Healthy Life Course Unit  
Pan American Health Organization  

DEBRA WHITMAN  
Chief Public Policy Officer  
AARP, USA  

General Discussion and Moderator Synthesis of Session 5  

10:15am  Break
SESSION VI:  
Reflecting on Top Priorities for Research, Policy, and Practice

10:30am  Session VI Objectives:
- Explore opportunities for developing new approaches to research, policy, and practice to enhance healthy longevity from the local to global levels
- Present “disruptive” actions that would create a world that champions healthy longevity
- Synthesize priorities for impact, collaboration, and synergy with global health initiatives such as Universal Health Coverage and the Sustainable Development Goals
- Discuss strategies to leverage cross-sectoral partnerships among various stakeholders from research to practice

Moderator: Linda Fried, Columbia University, USA

Panel Presentations and Discussion
XIAOYING ZHENG  
Dean of APEC Health Science Academy and Director of Institute of Population Research  
Peking University, China

SOMNATH CHATTERJI  
Team Lead - Surveys, Measurement, and Analysis Programme  
World Health Organization, Switzerland

SIR GEORGE ALLEYNE  
Former Director  
Pan American Health Organization

MOSA MOSHABELA  
Dean and Head of the School of Nursing and Public Health  
University of KwaZulu-Natal, South Africa

Moderator: Bridget Kelly, Burke Kelly Consulting, USA

11:15am  Table group discussion
The audience will have an opportunity to reflect on the session and workshop as a whole.

11:45am  Final Synthesis Discussion
Audience members will report back on their small group discussions and engage in a final discussion.

12:00pm  Closing Remarks
JENNIE POPAY, Co-Chair of the Workshop  
Distinguished Professor of Sociology and Public Health  
Lancaster University, UK

12:30 pm  Adjourn
