

IMPLICATIONS FOR SECONDARY USE OF DATA

EVOLVING TRENDS IN HEALTH DATA PRIVACY

John D. Halamka MD, MS
President, Mayo Clinic Platform

THE MAYO CLINIC PLATFORM

- Google partnership
- Federated learning
- Best thinking about de-identification
- Communications strategy
- Ethical uses of data

DATA COLLABORATION AMONG CASINOS IN LAS VEGAS

- Jeff Jonas and the need for “coopertition”
- Hashing
- Zero knowledge proofs

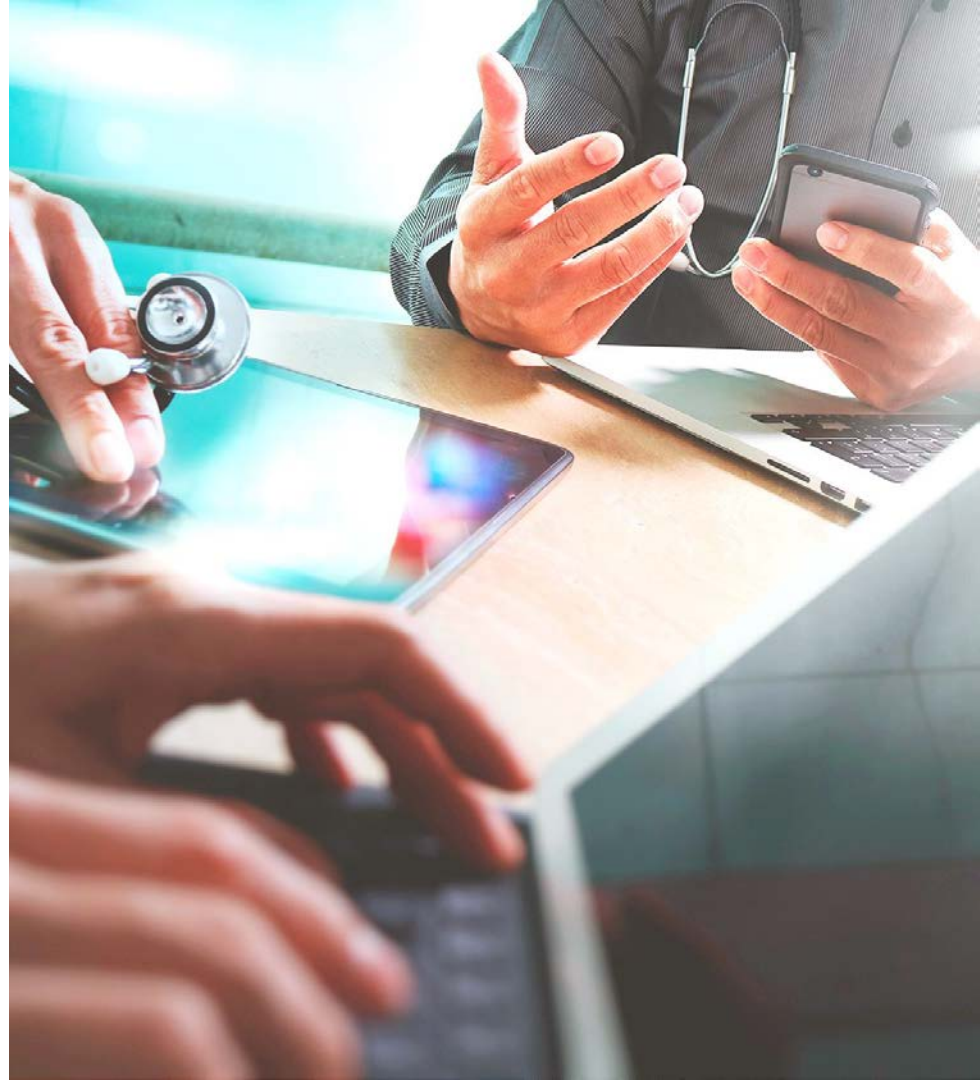

THE EXPERIENCE OF I2B2

- The CTSA imperative
- Reluctance to centralize data
- Sending questions to the data rather than sending data to a registry

DATA SEGMENTATION FOR PRIVACY

- Challenges of data classification
- The reality of consent models
- Practical implementation

POLICY CONSIDERATIONS

- General Data Protection Rule
- California Consumer Privacy Act
- State-level variation
