Session 5: Building a Health System that is Equipped to Prevent, Treat, and Manage OUD

R. Corey Waller MD, MS
Principal, Health Management Associates
Editor in Chief, ASAM Criteria
The 4 C’s

COMPETENCY
Do we have the right knowledge

CONSISTENCY
Can we count on the quality

COMPENSATION
Are we paying for the right care

CAPACITY
Do we have the right sized system

THE ADDICTION TREATMENT SYSTEM
Is the system right sized for the community it is serving?

CAPACITY

ASAM Level 4

Hospital-Based
(ED, med-surg, ICU, NICU, L&D)

ASAM Level 1
(1,1-OTP)

ASAM Level 2
(2.1, 2.5)

ASAM Level 3
(3.1, 3.3, 3.5, 3.7)
Education, training and evaluation

Competency

Peer Competency

Administrator Competency

Prescriber Competency

Therapist Competency
Consistency
Are we delivering high quality care

Fidelity to the ASAM Levels of care

Service Array

Structural measures

Outcome Measures
Compensation
Are we paying the right amount for the right things

Payment for EBM vs legacy treatment

Payment Amount

Carve-out (BHO’s $650-700 million in CO) vs Carve-in

Payment Type
Where we go from here

Find out what you have
Find out what you need
Build what you need
Train those that staff it
Check that it is done well
Pay an appropriate amount
