

Webinar on Supporting Clinician Well-Being During COVID-19

May 7, 2020
1:30 – 3:00 PM ET

AGENDA

The key objectives of this webinar are to:

- Describe the existing clinician burnout crisis prior to the COVID-19 pandemic and the goals of the Action Collaborative on Clinician Well-Being and Resilience.
- Identify the critical needs and priorities to support the well-being of clinicians, including those in their formative years of training, during the COVID-19 era.
- Spotlight programs, resources, and leadership efforts currently underway to address and monitor the acute and long-term mental health and well-being of clinicians on the frontlines of COVID-19.
- Voice the need for a coordinated, national strategy to care for the acute and long-term health and well-being of frontline clinicians delivering health care during this public health crisis.
