

Virtual Meeting of the NAM Culture of Health Program

Mr. Rufus Williams
The Six Most Significant Factors
Perpetuating Health Inequities
December 8, 2020

For the first time, much of the rest of America
seems to be accepting a permanent underclass
as a fact of life.

The American Millstone

The Six Most Significant Factors Perpetuating Health Inequities

National Culture of Health Program

Mr. Rufus Williams
December 8, 2020

- Distrust of the health care systems
- Disinvestment in the community
- Lack of resources and health insurance
- Inferior educational outcomes
- Poverty
- Racism

In order to lift a millstone, you must
first see it.
