

## **Healthy Longevity Global Innovator Summit**

**AGENDA  
SEPTEMBER 13, 14, & 22, 2021**

The National Academy of Medicine (NAM) will host its first annual Healthy Longevity Global Innovator Summit to honor the 154 international Healthy Longevity Catalyst Awardees from 2020. The virtual event will be open to the public and bring together industry leaders, academics, researchers, scientists, and entrepreneurs whose work contributes to improving health as people age. Summit attendees can learn about the early-stage, award-winning ideas and projects from innovators around the world; hear from leaders and experts about their work in the field of healthy longevity; and take advantage of various opportunities to engage with awardees and experts from across sectors and disciplines. During the Summit, the winners of the 2021 Healthy Longevity QuickFire Challenge (an Accelerator Award competition) and the 2021 international Catalyst Awards will also be announced.
