The National Institute on Drug Abuse (NIDA)

Our mission is to advance science on the causes and consequences of drug use and addiction and to apply that knowledge to improve individual and public health.

Leonardo Angelone, PhD (Leonardo.Angelone@nih.gov)
Deputy Director, Office of Translational Initiatives and Program Innovations (OTIPI), NIDA

National Academy of Medicine Action Collaborative on Countering the US Opioid Epidemic
April 25th 2022
Translating Basic Discoveries and Adopting New technologies for SUD is changing
A comprehensive approach is needed to ensure Patient’s access to novel, safe and effective technologies

NIDA OTIPI areas of action and responsibility:
- New Education Programs in Translational Research
- Novel Funding Authorities (Prizes and Open Competition Challenges)
- NIDA Small Business Programs
- Strategic Alliances and Partnerships for Product Development
